AMERICAN FRIENDS OF RABIN MEDICAL CENTER IS PROUD TO HELP ISRAEL'S PREMIER HOSPITAL

American Friends of Rabin Medical Center is committed to helping Israel's Rabin Medical Center of Petah Tikvah fulfill its mission; sustain and expand its facilities with the most advanced technology and equipment by encouraging individual, family, corporate and institutional commitment to the hospital; education the public; encouraging visitations; creating joints ventures with other medical establishments efforts throughout the United States.

THE JUSIDMAN EMERGENCY AND TRAUMA CENTER

The Jusidman Emergency and Trauma Center, a new 54,000 square foot facility, is scheduled to open in 2013. The state-of-the-art facility will provide emergency and trauma care to over 160,000 people annually.

The Center, located at the front of the Rabin Medical Center, is being planned according to Israel's rigorous emergency readiness requirements including a Level-One Trauma Unit, Emergency and Acute Care Unit and Fast-Track Clinic as well as other innovative support services. The Jusidman Emergency and Trauma Center will be one the world's most advanced emergency and trauma centers in Israel and worldwide.

Her various collections for men and women are designed to complement individuality and lifestyle with timeless fashion. Aviva Carmy Design Studio collections are available in stores in the US, Japan, Singapore, Europe and Israel.

November 2011

Dear Friends,

Our gala this year supports the construction of Rabin Medical Center's new Emergency and Trauma Center. Plans for this important addition show a blueprint for a center destined to be one of the world's most advanced of its kind and an invaluable asset to the State of Israel. At the same time, we honor Eli Hurvitz and Teva Pharmaceuticals, a person and a corporate entity that represents the very best of Israel.

The long-standing relationship between Rabin Medical Center and Teva brings together two of Israel's premier institutions. Now past the halfway mark to completion, the Judisman Emergency and Trauma Center's 54,000 square foot facility is scheduled to open in 2013. It will have the capacity to provide critical care for more than 160,000 people, which in and of itself is simply remarkable. In the event of a war or terrorist attack, this state-of-art facility is designed to provide a large population with an optimum medical response.

Teva Pharmaceuticals is known as Israel's "national company" and has become one of the world's most respected pharmaceutical manufacturers with offices in North and South America, Europe and Asia. Under the leadership of Eli Hurvitz and his stellar team, Teva grew from a small local wholesaler in 1953 when Eli first joined the company to become what is today the world's largest supplier of prescription medications. I believe Eli himself is also one of Israel's national treasures and I am delighted to welcome and to honor Eli and his most valuable asset, his lovely wife Dalia.

Stephen Siegel has been involved with American Friends of the Rabin Medical Center for ten years, six years as President, advancing both the fundraising and profile of the organization. We are indebted to Steve for his selfless service and honor him with this year's Yitzhak Rabin Excellence in Leadership Award.

I thank you from the bottom of my heart for helping us tonight as we continue in our efforts to support the Rabin Medical Center as it grows to better serve the tens of thousands of patients who depend on it every year.

With warmest regards,

Abraham "Barry" E. Cohen
Chairman, American Friends Rabin Medical Center

AMERICAN FRIENDS OF RABIN MEDICAL CENTER

PROUDLY PRESENTS TO

ELI HURVITZ

THE YITZHAK RABIN VISIONARY LEADER AWARD

Eli Hurvitz is an industrialist, leader, noted public figure and the recipient of the Israel Prize for lifetime achievement. He led Teva for 35 years, first as CEO from 1976 until April 2002, and then as Chairman of the Board. Eli Hurvitz was born in Jerusalem in 1932 to a Zionist pioneering family. When Israel's War of Independence broke out, he joined Nachal (the Fighting Pioneer Youth infantry brigade).

In 1953, after completing his degree in economics at the Tel Aviv campus of the Hebrew University, Eli Hurvitz began his long and illustrious career in industry by cleaning laboratory equipment. By 1976 Eli Hurvitz was CEO of Asia Pharmaceuticals.

His vision as a leader was the creation of a major pharmaceutical company that would not only lead in the Israeli market but that would be a global leader. This vision was the inspiration for the merger of Asia, Teva and Zuri into one company—Teva. Under Eli Hurvitz's strategic leadership, and by adopting and internalizing a corporate culture of excellence, Teva Group became the largest pharmaceutical company in Israel, and the global leader in generic pharmaceuticals

The values that Eli Hurvitz was raised on, including the importance of service to the community, have formed his entire life and have had a profound impact on his leadership as an industrialist. He has always held that his lasting contribution to the development of the State of Israel would be the diffusion of these values in Israel's industrial community. Eli Hurvitz is deeply committed to Israeli society. Over the years he has served in many public roles, and under his guidance Teva has supported numerous scientific, cultural and educational activities in Israel.

His lifelong dedication and tireless efforts to promote public causes and to nurture the developing Israeli industry earned him numerous honors, including five honorary doctorates: from the Technion (1990), the Weizman Institute (1994), Ben Gurion University (2002), Tel Aviv University (2004) and Bar Ilan University (2010). In April 2002, Eli Hurvitz received the highest honor bestowed by the State of Israel, the Israel Prize for Lifetime Achievement. Eli Hurvitz is married to Dalia. He has three children and nine grandchildren.

Teva Pharmaceuticals - Americas

November 2011

Dear Friends,

Teva Pharmaceuticals is proud to support the American Friends of the Rabin Medical Center on this memorable evening. It is my honor to recognize a man who has not only provided incredible leadership and growth for the company, but someone I have also had the privilege of getting to know over the years.

Eli Hurvitz is a pioneer in the pharmaceutical arena and a man that is known for his vision and dedication both to Teva Pharmaceuticals and to the industry overall. With 57 years of experience at Teva, over 25 of which were spent as Teva's President and CEO, and another 8 serving as Teva's Chairman of the Board, Eli has led the company to the global success it realizes today and has become an inspiration to all who meet him.

Tonight we are here to support pacesetters in innovation and leadership around the world. Teva Pharmaceuticals remains one of the top 15 global pharmaceutical companies and the leader in generic pharmaceuticals. The company continues to make strides into various disease therapies, with a mission to increase access to high-quality healthcare. With a product portfolio of 1,300 molecules and a direct presence in over 60 countries, Teva continues to take great steps to make its mission a reality.

The American Friends of the Rabin Medical Center have a similar goal and one that fosters the great relationship between us. With Rabin's strong history of providing incredible cutting-edge healthcare to 1,000,000 patients annually, AFRMC is well-aligned with Teva's mission of making quality healthcare accessible. Proceeds from tonight's event will benefit a new 54,000 square foot Emergency and Trauma Center, scheduled to open in 2013.

On this special night I want to personally thank each and every one of you for coming and for your considerate support in helping us to achieve our goals. You can be confident in the fact that your donations will be used to help people around the world and that you are helping to build something truly extraordinary.

Warmest regards,

William S. Marth
President & CEO

AMERICAN FRIENDS OF RABIN MEDICAL CENTER

PROUDLY PRESENTS TO

STEPHEN B. SIEGEL

President, American Friends of Rabin Medical Center

Chairman, Global Brokerage, CB Richard Ellis

THE YITZHAK RABIN EXCELLANCE IN LEADERSHIP AWARD

Stephen Siegel has served as president of American Friends of Rabin Medical Center for the past six years. Mr. Siegel has raised the profile of the organization to a level on par with the top charities in New York. We honor and thank Mr. Siegel for his outstanding leadership and extraordinary efforts in the United States on behalf of Israel's premier medical institution. His kindness and generosity are boundless. He's an exemplar of the best of New York and the best of the Jewish people. Mr. Siegel embodies the spirit of Yitzhak Rabin, a rare leader who acts on his convictions and implements his dreams.

Mr. Siegel is widely regarded as one of the real estate world's most respected and talented professionals. He is Chairman of Global Brokerage at CB Richard Ellis the world's premier real estate company and has previously served as CEO for Cushman & Wakefield, ESG and Insignia/ESG. In his position as Chairman at CB Richard Ellis he advises both clients and internal operations on a wide range of real estate issues.

Throughout his distinguished career, Mr. Siegel has worked with some of New York's most prominent corporate citizens including J.P. Morgan Chase & Co., Metlife, Sidley Austin Brown & Wood LLP, Sanford C. Bernstein & Co., Swiss Reinsurance, and many others.

Mr. Siegel is the recipient of the Commercial Property News' Lifetime Achievement Award and one of Crain's Business Day's 100 Most Influential Business Leaders in New York City.

He has been recognized for his work by the Real Estate Board of New York and is a five-time winner of the Commercial Property News' Brokerage Executive of the Year Award. One of ten individuals designated by the Urban Institute as "Real Estate Legends," Mr. Siegel contributes a chapter to the Institute's publication, *Leadership Legacies*. In the book he placed emphasis on two important business skills: learning and listening. "You can never assume you understand it all or are able to grasp everything there is to know about the business," he wrote. "You are never too old to learn or to find a different way of doing things. Knowledge, it is said, is power."

Mr. Siegel lives in New York with his wife, Wendy. They are very close to their four children: Kenneth, Jonathan, Jared and Cassandra. He acknowledges, "Business, philanthropy, social services: yes, all important. But my main focus always is family."

November 2011
HI/ 3693

Dear Friends,

It is my sincere pleasure to once again welcome you all to the ARFMC 2011 Annual Gala, dedicated to the Jusidman Emergency and Trauma Center at Rabin Medical Center. Now in advanced stages of construction, this project, slated to be completed in 2013, will transform our current ER to an ultra sophisticated medical facility which will have a major impact on over 160,000 people who use our emergency facilities every year.

Being planned in accordance with Israeli Home Front Command's strict emergency readiness requirements, adopting the latest models for excelled prompt medical care; the Jusidman Emergency and Trauma Center will need to include advanced diagnostic and life-saving equipment to cope with large scale disasters. Thanks to the generosity of Daniel Jusidman, Clalit Health Services and the Israeli government we were able to begin the establishment of this new center, but additional support is needed to bring this project to its full realization. We all know that when it comes to emergency care, every minute can make a life-saving or life-changing difference, especially in a country such as Israel where we must not only prepare for emergency care but for casualties of war and terror as well.

The ongoing support of our friends in Israel and America is essential for the continued growth and development of this emergency facility as well as other urgent projects at the hospital such as a new Pulmonary Institute, the renovation of our ambulatory Urology Clinics, essential research projects and vital equipment.

In closing I would like to pay special tribute to several exceptional people. To tonight's honoree, Mr. Eli Hurvitz, former CEO and Chairman of Israel's Teva Pharmaceuticals, who transformed this Israeli company into a global entity. To Mr. Stephen Siegel, longtime president of AFRMC, for his generosity, leadership and ongoing efforts on our behalf, and to AFRMC's Chairman, Mr. Barry Cohen, who symbolizes the true spirit of charitable generosity and who for so many years had been dedicated to advancing the needs of Rabin Medical Center. I also wish to thank tonight's organizing committee and each and every one of you for being here this evening.

I look forward to your continued support and friendship,

Dr. Eyrán Halpern
C.E.O., Rabin Medical Center

Affiliated with the Sackler School of Medicine, Tel Aviv

American Friends of Rabin Medical Center

American Friends of Rabin Medical Center is committed to helping Rabin Medical Center realize its vision for a state-of-the-art full service medical center. Through a variety of programs and fundraisers across the United States, the funds raised by American Friends of Rabin Medical Center are earmarked to help Rabin Medical Center expand its facilities, purchase the most advanced medical equipment and technology, and participate in monumental developments in medical care and technology.

Rabin Medical Center

Rabin Medical Center in Petah Tikvah, Israel, is a modern center of medical excellence. It offers advanced medical services, a staff dedicated to patient care and the preserving of patient dignity, and a commitment to the development of a state-of-the-art medical center for the people of Israel. Today, it is one of the largest and premier hospital facilities in Israel, servicing approximately one million patients annually from within Israel and from neighboring countries, without regard to nationality or religion. Indeed, Rabin Medical Center is becoming the Mediterranean's preeminent center for health care and medical research.

Friends of Rabin Medical Center

November 2011

Dear Friends,

It is wonderful to welcome you all to the AFRMC 2011 Annual Gala Event. As the longtime President of Israel Friends of Rabin Medical Center, I feel a special bond with our American Friends, as both organizations work toward one common goal, the continued advancement of Rabin Medical Center. Tonight we proudly celebrate the accomplishments and outstanding developments of this premier medical facility with a special focus on the new Jusidman Emergency and Trauma Center.

This unique emergency and trauma facility is being established thanks to the immense generosity of Mr. Daniel Jusidman, a special friend, who together with Clalit Health Services and the Israeli government understood the extreme importance of this project. The current ER no longer meets the needs of Israel's growing population, dependent on these life saving services. We must also remember that Israel is surrounded by many hostile neighbors and needs to provide exceptional medical services in order to handle all emergency situations whether conventional, biological or other kinds of warfare. Lives are saved every day thanks to the outstanding emergency care afforded at Rabin Medical Center, to soldiers, citizens or victims of terrorism but your support is needed for the hospital to fully complete this crucial endeavor.

Jewish tradition reminds us that there is no greater gift than the gift of giving, a gift which has endowed Israel to rise to excelled standards in all fields of life, including medicine.

My best wishes for an enjoyable evening and a successful year,

Nava Barak

November 2011

Dear Friends,

Thank you for joining us tonight as we proudly celebrate the Rabin Medical Center's accomplishments. We come together to support Israel's Rabin Medical Center of Petach Tikvah, specifically their future Emergency and Trauma Center which will open in 2013. This hospital advances peace and well-being in the region by providing the best medical care. You have given me, the members of our board, and my staff the opportunity to do both you and the people of Israel a great service.

This evening we take great pleasure in honoring Teva Pharmaceuticals and Mr. Eli Hurvitz. The American Friends of Rabin Medical Center is proud to be associated with Teva, a company known as Israel's "national company." Teva is the leading provider of prescription drugs in the United States and through Eli Hurvitz's exemplary leadership, Teva has become the largest generic drug manufacturer in the world, as well as the largest pharmaceutical company in Israel.

Thank you to my friend Stephen B. Siegel whom we are honoring this evening in gratitude for his many years of service to our great cause as the President of the board of American Friends of Rabin Medical Center. Steve is a New York legend and above all a special human being. My personal thanks to Steve and Wendy for their generous support of the Rabin Medical Center and for their magnanimous efforts on behalf of Israel and the Jewish people.

We want Israel and the Rabin Medical Center to thrive—and together we are making a difference. No matter the obstacles placed before us, we must work to support the Rabin Medical Center's growth and expansion. We owe it to Israel's devoted citizens, who risk their lives defending their country and our Jewish state, to provide them with the best medical care. This gala and the goodwill of its participants, along with all the supporters of American Friends of Rabin Medical Center, reflect how much we care for the safety of Israel, the advancement of medical science, the quality of Israeli patients' healthcare, and the future of the Jewish people. Thank you for being our partners in this successful endeavor.

Your friendship sustains all of the great progress we are making together in Israel and at the hospital. There is no substitute for your generosity and dedication. I extend my personal greetings and thanks to all of you for your continued support of Rabin Medical Center and for helping to make it a world class medical institution to those who need it most.

Thank you for your support and friendship,

Joshua Eli Plaut, Ph.D. & Rabbi
 Executive Director
 American Friends of Rabin Medical Center

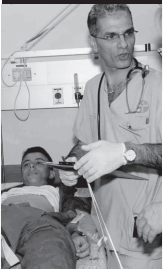

Mort Zuckerman

November 2011

Rabin Medical Center, one of the premier medical facilities in Israel, is setting the standard for medical care in the Middle East. It is providing the highest quality of care possible and working to surpass that by developing new and innovative medical procedures, thereby improving the quality of life of people throughout the region and the world.

Congratulations to Teva Pharmaceuticals and to Eli Hurvitz. Dr Hurvitz and Teva are leading the way to a brighter tomorrow while providing care and comfort to those who need it today.

Best regards,

THE CITY OF NEW YORK
OFFICE OF THE MAYOR
NEW YORK, NY 10007

November 13, 2011

Dear Friends:

It is a great pleasure to welcome all those attending the 12th Annual Dinner hosted by the American Friends of Rabin Medical Center.

Since 1938, when Beilinson Hospital was established on behalf of those living in Judah and Sharon – creating with Golda-Hasharon Hospital what would become RMC – its patients have received the highest quality care and access to cutting-edge technologies and treatments. From novel catheterization techniques to innovative cancer treatments to the careful handling of 9,000 births a year in their Women’s Hospital, the medical center has done so much to improve the everyday lives and futures of those it serves. By raising vital funds to support RMC, American Friends of Rabin Medical Center ensures that its medical and auxiliary staff can continue to provide terrific treatment and teaching facilities. I applaud everyone involved with AFRMC for their continued commitment to the medical center, and building a brighter future for all Israelis.

On behalf of the City of New York, please accept my best wishes for an enjoyable event and continued success.

Sincerely,

Michael R. Bloomberg
Mayor

WILLIAM JEFFERSON CLINTON

October 14, 2011

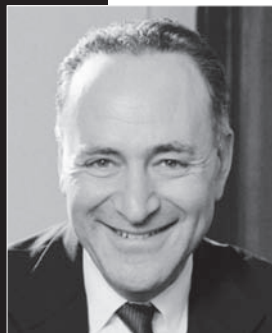

I am delighted to greet everyone gathered at the 12th annual gala for the American Friends of Rabin Medical Center, and I am pleased to serve once again as an honorary chair.

In the best of times, high-quality health care is a precious commodity; during times of conflict and economic hardship, when governments and private institutions are pressured to cut costs, providing this care is even more challenging. By supporting the Rabin Medical Center you are helping to ensure that first-class medical care continues to be available to all those in need, regardless of background.

The Rabin Medical Center is vital to the well-being of Israel’s people, and your continued service is a fitting tribute to its namesake. I know my friend Yitzhak would be touched by the enduring support of the Center’s American friends.

Best wishes for a wonderful gala and for another year of remarkable success.

November 2011

Dear Friends:

Please accept my warmest greetings and congratulations as you gather for the American Friends of Rabin Medical Center's Twelfth Annual Dinner. I am grateful for the opportunity to recognize the fine work of the American Friends of Rabin Medical Center, its leadership, staff, volunteers and everyone who has made this event possible.

Since the establishment of the American Friends of Rabin Medical Center, the hospital has improved the health care of community residents. The Center has grown prodigiously to become one of the finest medical institutions. Through its expert and committed medical and professional staff, American Friends of Rabin Medical Center has provided quality medical care and services. In addition to its medical advances, the Center has played a pivotal role in the community. I applaud the American Friends of Rabin Medical Center and everyone gathered here tonight for your hard work and commitment to addressing the critical health care and social needs.

Again, congratulations and thank you on behalf of all New Yorkers. I hope that the American Friends of Rabin Medical Center will continue to serve our communities for many years to come. Best wishes for a wonderful and memorable evening.

Sincerely,
Charles Schumer
Charles E. Schumer
United States Senator

RUDOLPH W. GIULIANI

November 13, 2011

Dear Friends:

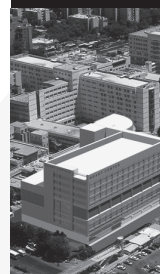

It is a pleasure to extend my warmest greetings to you tonight as you gather in support of the American Friends of Rabin Medical Center, a wonderful organization that has been instrumental in raising awareness and funding for Israel's largest medical center.

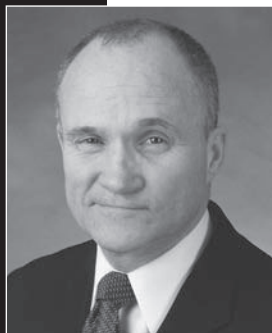

Named for Yitzhak Rabin, who dreamt of peace for his great nation of Israel, the Rabin Medical Center serves as a fitting tribute to his memory and life's work. Accepting patients from all ethnic backgrounds, the Center leads by example to promote understanding in a region often divided along religious and ethnic lines. Treating over one million patients annually from all around the world, the Rabin Medical Center is a world class facility that continues to expand the medical frontiers of education, research and treatment.

I applaud the hard work and dedication of the staff and supporters of the Rabin Medical Center as well as to all those who made this event possible. It is the continuing support and commitment of all of you that will keep the Rabin Medical Center a place of solace and refuge for countless individuals and allow the legacy of Yitzhak Rabin to live on.

Best wishes to everyone for a successful and enjoyable evening.

Sincerely,
Rudolph W. Giuliani
Rudolph W. Giuliani

THE POLICE COMMISSIONER
CITY OF NEW YORK

November 13, 2011

Dear Friends:

I want to commend everyone attending the American Friends of Rabin Medical Center's 12th Annual Dinner. Your support is vital to Israel's largest, most important medical facility and its mission of "humanity without borders."

Over the past six decades, the Rabin Medical Center has contributed mightily to Israel's fight for freedom. Since the nation's founding, through major wars and crises, it has provided expert care for those who have helped to ensure the survival of Israel. It has also tended to the medical needs of a growing population, and emerged as a pioneer in numerous fields of medicine, from transplantation to cardiology and cancer care.

Beyond Israel, the Rabin Medical Center has also demonstrated a powerful commitment to supporting regional and international humanitarian needs. It is far more than a center of healthcare excellence; it is a symbol of Israel's greatness and of its commitment to global democratic values and freedom. As such, it is worthy of our most generous support.

Sincerely,

Raymond W. Kelly
Police Commissioner

November 2011

Dear Friends,

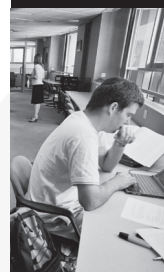

As a staunch supporter of the State of Israel and one who has portrayed Golda Meir on Broadway, I am pleased to offer my greetings to the Rabin Medical Center for the beautiful work it is doing to save lives. Israel's Rabin Medical Center possesses Israel's largest Department of Cardiology, the best Cancer Center in the Middle- East, and is now working towards the establishment of a new ER and Trauma Center. Many of us have family members with health concerns and life prohibiting diseases, and we want to ensure that our Israeli family has the facilities and equipment they need to help their patients thrive and survive. As friends from near and far we come together in helping the Rabin Medical Center raise the standards to which the best are held throughout the world.

I am proud that the Rabin Medical Center is playing a leading role to combat traumatic injuries and save lives. Rabin Medical Center offers cutting edge cardiac treatment, new advancements in fighting cancer, and is the hospital we turn to for ensuring the comfort of patients. Rabin Medical Center has been at the center of Israel's distinguished history and has touched the lives of tens of thousands of Israel's citizens. Please join me in helping this hospital of excellence fulfill its Tikkun Olam, the wonderful people of Israel need our help.

To save a life is to save a universe.

With gratitude and every good wish,

Tovah Feldshuh

Celebrating 25 years of helping improve people's lives

As we celebrate our 25th anniversary, we at J. Knipper and Company take pride in developing healthcare marketing solutions that ultimately help people and improve lives. We've built our reputation on developing innovative marketing programs for our healthcare and pharmaceutical clients. These include new ways of getting pharmaceutical samples into the hands of physicians and their patients, as well as direct-marketing solutions that help pharma companies reach their customer base more effectively.

Knipper continues to invest significantly in our infrastructure. Our new distribution center came online in 2009 and brings our capacity in Lakewood to 270,000 square feet. And with the acquisition of Pharmagistics in 2010, our total footprint now exceeds 350,000 square feet making us one of the largest healthcare marketing distribution firms in the United States.

At J. Knipper and Company, we maintain the personal interactions that lie at the heart of our business and our community.
