**NEW YORK CITY SWING**

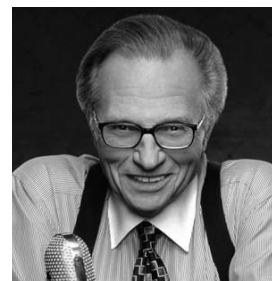

**AMERICAN FRIENDS OF RABIN MEDICAL CENTER  
IS PROUD TO HELP ISRAEL'S PREMIER HOSPITAL  
IN THIS TIME OF EMERGENCY NEEDS**

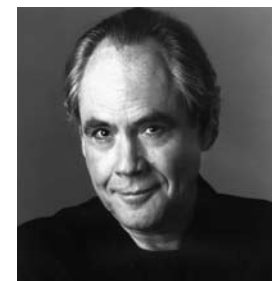

American Friends of Rabin Medical Center is committed to helping Israel's Rabin Medical Center of Petah Tikvah fulfill its mission; sustain and expand its facilities with the most advanced technology and equipment by encouraging individual, family, corporate and institutional commitment to the hospital; publicly promoting the hospital; educating the public; encouraging visitation; creating joint ventures with other medical establishments; and by raising funds through a variety of programmatic efforts throughout the United States.

**BROADWAY ON THE HUDSON**

**Larry King**

Larry King is the Emmy Award-winning host of CNN's highest-rated program, *Larry King Live*, the first worldwide phone-in TV talk show. In 2007, King celebrated his 50th year in broadcasting and has been dubbed "the most remarkable talk-show host on TV ever" by TV Guide and "master of the mike" by TIME magazine. King founded the Larry King Cardiac Foundation, raising millions of dollars and provided life-saving cardiac procedures for needy children and adults. Larry King recently released his autobiography, *My Remarkable Journey*.

**Robert Klein**

For more than forty years, Robert Klein has entertained audiences, and he continues to have an acclaimed career in comedy, on Broadway, television, and film. He has been nominated twice for Grammy Awards, a Tony Award and won a Los Angeles Drama Critics Circle Award for his performance in the hit Neil Simon musical, "They're Playing Our Song."

**Savion Glover**

Savion Glover, Tony Award Winner, Hooper, Choreographer, and Producer, is celebrating his 28th year in show business. Broadway and Film credits include *Bring in 'da Noise Bring in 'da Funk*, the movie *Tap* with Gregory Hines and Sammy Davis, Jr., and the acclaimed Academy Award Winning 2006 Warner Brothers release of *Happy Feet* choreographed by Savion Glover.

**Memphis**

In the smoky halls and underground clubs of the segregated 50's, a young white DJ named Huey Calhoun fell in love with everything he shouldn't: rock and roll and an electrifying black singer. *MEMPHIS* is an original story about the cultural revolution that erupted when his vision met her voice, and the music changed forever.

*MEMPHIS* features a brand new score with music by Bon Jovi's founding member/ keyboardist David Bryan and lyrics by Bryan and Joe DiPietro (*I Love You, You're Perfect, Now Change*), who also pens the musical's book. Bryan and DiPietro also collaborated on the current award-winning off-Broadway hit, *The Toxic Avenger*.

**NATIONAL JAZZ MUSEUM IN HARLEM ALL-STARS BAND**

The National Jazz Museum in Harlem is a major cultural presence in New York City. The museum and All-Stars band are dedicated to fostering their music as a living, breathing entity that looks as far into the future as it does into the past.

**AFTER PARTY (9:30 to 11:00)**

Spanning over 25 years and 5,000 parties, New York City Swing has electrified the area's most discerning clientele. Seamlessly blending and mixing the best musical selections of the past seven decades, they pack the dance floors and create lasting memories.

November, 2009

Dear Friends,

This year, our efforts surrounding the gala dinner will support the establishment of The Heart Institute at Rabin Medical Center and cardiac medical equipment currently in urgent demand. It is also a great pleasure for me personally to know we are honoring William S. Marth, CEO and President of Teva Pharmaceuticals North America at this time.

Teva is a company I am proud to have been associated with for a great many years during which time we have seen this organization come to be known as Israel's "national company"—most Israelis own Teva stock – and in this country, Teva North America has accomplished the unbelievable. It is the leading provider of prescription drugs in the United States by a substantial margin, thereby making it not only Israel's national company, but one of Israel's national treasures.

Interestingly enough, Teva's world headquarters is across the street from Rabin Medical Center in Petach Tikvah, Israel, which we at American Friends of Rabin Medical Center consider to be another of Israel's national treasures. And while the pharmaceutical industry has and continues to play a major role in the treatment of cardiovascular disease, it is at centers such as Rabin Medical Center that people are offered the best possible odds for survival. The Department of Cardiothoracic Surgery, for example, is Israel's largest and most advanced facility of its kind where 1,459 surgeries were performed in 2008 alone. The Department of Cardiology at Rabin Medical Center has ten diagnostic and treatment subspecialty clinics to which 48,000 patients were treated that same year. As grow the numbers, so grow the needs.

It is with particular pride and optimism that I welcome you to our dinner this year. All things considered, in times of difficulty there is nothing better than to go on, building for the future. Thank you, as always, for your support.

With warmest regards,

**Abraham "Barry" E. Cohen**  
Chairman, American Friends Rabin Medical Center

AMERICAN FRIENDS OF RABIN MEDICAL CENTER

PROUDLY HONORS

TEVA PHARMACEUTICALS NORTH AMERICA

&

**WILLIAM S. MARTH**

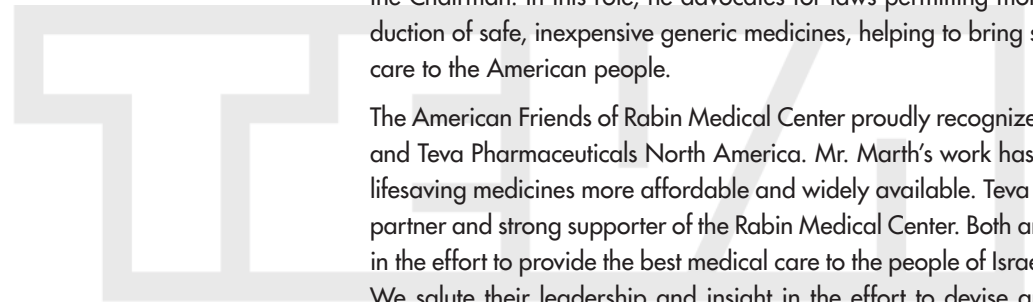

PRESIDENT & CHIEF EXECUTIVE OFFICER, TEVA NORTH AMERICA

**Teva Pharmaceuticals is a global enterprise with deep roots in Israel.** Established a century ago as a wholesale drug importer in Jerusalem, Teva has grown to become one of the 20 largest pharmaceutical companies in the world and the world's largest producer of generic pharmaceuticals. Its facilities in Europe, Israel, and the United States produce a wide variety of drugs and drug components, contributing to the worldwide availability of a vast array of treatments. Additionally, Teva is engaged in groundbreaking research into new therapies, recently making great strides in the treatment of Multiple Sclerosis and Parkinson's disease. With a shared commitment to medical innovation, a common heritage, and a close proximity to one another, Teva and the Rabin Medical Center have come to collaborate in advancing the progress of medical technology.

Tonight we also honor the President and Chief Executive Officer of Teva Pharmaceuticals North America, William Marth. Mr. Marth oversees Teva's facilities throughout the United States and Canada, including Teva Neuroscience in Missouri, the manufacturing and research and development facilities of Teva Parenteral Medicine in California, Teva Novopharm in Toronto, which is one of Canada's largest providers of generic pharmaceuticals, and Teva North America's research & development, marketing, manufacturing, and distribution facilities here on the East Coast. Mr. Marth also serves on various boards and committees, including the executive committee of the Generic Pharmaceutical Association, of which he is the Chairman. In this role, he advocates for laws permitting more extensive production of safe, inexpensive generic medicines, helping to bring superior medical care to the American people.

The American Friends of Rabin Medical Center proudly recognizes William Marth and Teva Pharmaceuticals North America. Mr. Marth's work has helped to make lifesaving medicines more affordable and widely available. Teva has long been a partner and strong supporter of the Rabin Medical Center. Both are valuable allies in the effort to provide the best medical care to the people of Israel and the world. We salute their leadership and insight in the effort to devise and distribute the latest and most effective treatments. It is our pleasure to honor them this evening.

November 2, 2009

Dear Friends,

It is with deepest gratitude that I welcome you this evening to the Tenth Annual American Friends of Rabin Medical Center gala dinner, on board the fabulous newly refurbished Intrepid Sea, Air & Space Museum.

Tonight we pay tribute to this year's honoree, William S. Marth. William is the President and CEO of Teva USA, the North American branch of Israel's famed Teva Pharmaceutical Industries Limited, founded by the renowned Eli Hurwitz. Teva is the pride of Israel, a global pharmaceutical company specializing in the development, production and marketing of generic and proprietary branded pharmaceuticals as well as active pharmaceutical ingredients. Teva is among the top 20 pharmaceutical companies and is the largest generic pharmaceutical company in the world. In 2008, its sales totaled \$11.080 billion, of which a major portion was in Europe and North America. The company has about 28,000 employees in 50 countries. Teva's facilities are located in Israel, North America, Europe, and Latin America. As of January 2009, Teva is now the tenth largest company by market capitalization on the Nasdaq.

Teva's headquarters in Petach Tikvah, Israel are literally across the street from Rabin Medical Center, and they not only share geographic proximity but also share goals to advance medicine and medical technologies, and are involved in joint cooperation. Teva has been an enduring supporter of American Friends of Rabin Medical Center throughout the years. At this year's gala dinner both of these shining lights of Israel will come together: Teva and the Rabin Medical Center.

As you all come together tonight to support the American Friends of Rabin Medical Center, you are part of an elite group of people contributing to make this world a better place. Your commitment and enthusiasm are qualities that see those less fortunate receive the treatment and equality they deserve.

The Rabin Medical Center is a leading health care provider and a true beacon of hope and healing. With your continued support this hospital will go from strength to strength, aiding those in need in Israel.

I would like to take this opportunity to express my heartfelt thanks for your attendance and support this evening and I look forward to working with you all on future endeavors.

Warm regards

Stephen Siegel

## American Friends of Rabin Medical Center

American Friends of Rabin Medical Center is committed to helping Rabin Medical Center realize its vision for a state-of-the-art full service medical center. Through a variety of programs and fundraisers across the United States, the funds raised by American Friends of Rabin Medical Center are earmarked to help Rabin Medical Center expand its facilities, purchase the most advanced medical equipment and technology, and participate in monumental developments in medical care and technology.

## Rabin Medical Center

Rabin Medical Center in Petah Tikvah, Israel, is a modern center of medical excellence. It offers advanced medical services, a staff dedicated to patient care and the preserving of patient dignity, and a commitment to the development of a state-of-the-art medical center for the people of Israel. Today, it is one of the largest and premier hospital facilities in Israel, servicing approximately one million patients annually from within Israel and from neighboring countries, without regard to nationality or religion. Indeed, Rabin Medical Center is becoming the Mediterranean's preeminent center for health care and medical research.

Dear Friends,

On the occasion of the American Friends of Rabin Medical Center Gala Dinner, I take this opportunity to send you warm greetings from Jerusalem, the eternal capital of the State of Israel and the Jewish people.

I am aware that AFRMC has been playing an active and vital role in promoting and supporting Rabin Medical Center since 1994. This support has enabled Rabin Medical Center to become Israel's largest medical institution, which has close to one million patient visits annually.

Rabin Medical Center provides Israel's citizens with essential services and cutting-edge medical facilities. I commend the AFRMC and its members for their unwavering support to the State of Israel and its citizens.

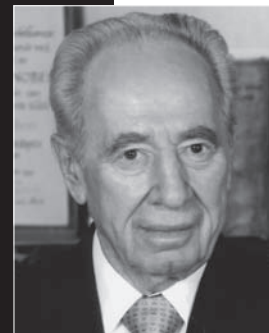

Wishing you an enjoyable evening,

Sincerely,

Benjamin Netanyahu

Jerusalem, November 2009

Mrs. Nava Barak  
President  
Friends of the Rabin Medical Center  
39 Jabotinsky Street  
Petach-Tikva 49100  
Israel

Dear Nava,

Healthcare is a top priority on the agenda of today's modern societies, and the Rabin Medical Center is renowned for its cutting-edge advances in this field. Recognized as one of the most prominent of medical centers in Israel that provides a wide range of services to the public, both close and afar, it is vital that it is provided with the state-of-the-art tools to perform its task.

Dedicated to the well-being of their patients, there is no doubt that the Rabin Medical Center's medical staff and their teams will spare no effort to maintain and improve the service to which they are committed. To this end, every support to help them fulfill their mission is of the essence, and all endeavors to further enhance the standard of service of the Rabin Medical Center will but benefit even more a public that is dependent on its performance for its good health.

I wish the American Friends of the Rabin Medical Center an enjoyable and successful gala evening, and thank them for their steadfast engagement.

Dear Friends,

It is my privilege as the President of Friends of Rabin Medical Center to once again welcome you all to this year's Gala dinner, aboard this beautiful ship, the Intrepid.

Tonight we come together in order to raise awareness and support for cardiac care at Rabin Medical Center, which includes preventative cardiology, advancement of diagnostic and therapeutic techniques in cardiac care, heart surgery and research. The hospital's Cardiothoracic Department and the Cardiology Institute which includes the Institute of Interventional Cardiology are among the largest and most advanced in Israel.

Heart disease remains a leading cause of death in the western world and Rabin Medical Center is constantly raising the bar for more advanced cardiac care, healing hearts and saving the lives of an overwhelming number of cardiac patients. These include 71 year old Gershon Gefen, who after undergoing a heart transplant was finally able to visit his daughter in the USA, and a 68 year old man whose life was saved not once but twice. Committed to providing the best possible care for these patients, the hospital needs to continually buy new equipment, carry on innovative research, and update the existing departments.

Your support can save and improve the quality of life for many more cardiac patients and inspire them to take action to improve their heart health. Let's work together toward the best cardiac care and be partners in this significant endeavor. It is only through our joint efforts that we can maintain and advance these services.

Thank you for your ongoing friendship and continued support.

Sincerely,

*Nava Barak*

September, 2009

Dear Friends,

In thanks and friendship I am proud to welcome you all to the 2009 AFRMC Gala and to tonight's Honoree, Teva North America and its CEO and President, William Marth. As one the major premier medical centers in Israel we have close ties with Teva Pharmaceutical Industries whose main headquarters are in Israel, only 5 minutes from the hospital. We are proud of our collaboration with Teva on important clinical projects and use extensively their high quality pharmaceutical products.

Tonight we gather in support of Rabin Medical Centers Cardiology Institute and Cardiothoracic Department, two of the most highly developed major centers in Israel for cardiac care, providing innovative patient care while conducting extensive research that will save lives and improve the quality of life for our many cardiac patients. Rabin Medical Center is truly special in the personalized care that our heart patients receive from an experienced and dedicated team of cardiologists, physicians, nurses, and clinicians, some of the best in their field.

Yet as cardiac diseases remain a global priority and the number one cause of death in the western world we are committed to continually upgrade our cardiac services and have access to the latest therapies and the most up to date equipment. The year ahead will bring many new opportunities and challenges in cardiac care, where treating and healing the heart will continue to be a top priority and serious concern for our staff who treat thousands of patients who visit our extensive ambulatory cardiology clinics and more than 1400 patients who will require heart surgery.

We can not advance on our own and I ask that you continue to open your hearts and support these needs. Only together can we excel and pioneer in this field and to look forward to a future when our dream of building a much needed comprehensive heart center will become a realization.

With thanks and optimism, I wish us a successful evening and a prosperous year.

Sincerely,

*Eyran Halpern*

November, 2009

Dear Friends,

Supporting Israel is my mission. Championing Rabin Medical Center is my passion. How fortunate American Friends of Rabin Medical Center is to accomplish these twin goals. Our ongoing ties to Rabin Medical Center, located in Petach Tikvah, ensure that our beloved hospital survives, despite economic and political hardships.

We want Israel and Rabin Medical Center to thrive. That is why, no matter the obstacles placed before us, we have to work that much harder to allow Rabin Medical Center to grow and expand. We owe it to Israel's citizens, who give their lives every day to defend Israel, to provide them with the best medical attention available anywhere in the Middle East. Rabin Medical Center thrives by pushing the frontiers of medical technology, treatment, and compassionate care so that all citizens of Israel can feel safe and protected. This gala and the good will of its participants, along with all the supporters of American Friends of Rabin Medical Center, show how much we care for the well being and future of Israel. Together we can make a difference.

I extend my personal greetings and thanks to all of you for your continued support of Rabin Medical Center. I am confident that we can make this premier hospital proud of our efforts to support her through good times as well as bad. I am very grateful to Barry Cohen, Chairman of the American Friends of Rabin Medical Center board, our board members, my staff, and the many volunteers who keep Rabin Medical Center in their hearts. We extend our appreciation to our President, Steve Siegel, for his tireless efforts on Israel's behalf. And to our partner and friend, the CEO of Rabin Medical Center, Dr. Eyrar Halpern, thank you for your leadership and support. Thank you to our many donors who work tirelessly to make this gala and all activities of American Friends of Rabin Medical Center a success.

May we go from strength to strength!

Rabin Medical Center, one of the premier medical facilities in Israel, is setting the standard for medical care in the Middle East. It is providing the highest quality of care possible and working to surpass that by developing new and innovative medical procedures, thereby improving the quality of life of people throughout the region and the world.

Congratulations to Teva Pharmaceuticals North America, the corporate gala honoree. I also congratulate Dr. Eyran Halpern, CEO of Rabin Medical Center for his leadership. Rabin Medical Center and Teva are leading the way into a brighter tomorrow while providing care and comfort to those who need it today.

Best Regards,

  
WILLIAM JEFFERSON CLINTON

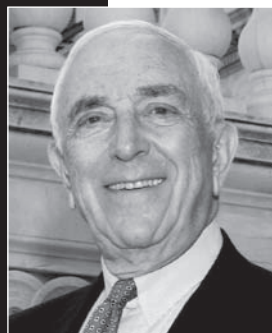

July 15, 2009

Warm greetings to all those gathered in New York City for the 10th annual dinner of the American Friends of Rabin Medical Center.

It is a great pleasure to serve as honorary chair of this event every year. I am proud to join you in supporting an institution that bears the name of my good friend Yitzhak Rabin, and which continues to hold special meaning to his entire family; and I am grateful for the opportunity to champion a top-rate medical facility dedicated to excellence in both patient care and research. RMC has contributed immeasurably to both these areas, and its collaborations with medical centers around the world help ensure that people everywhere can benefit from -- and build on -- its medical achievements. Rabin Medical Center is a wonderful tribute to Yitzhak, who devoted his life to working with others to improve the lives of people today while building a brighter future for the citizens of tomorrow.

Best wishes for a memorable gala event.

Dear Friends:

Congratulations on the American Friends of Rabin Medical Center's Tenth Annual Dinner celebration. I am honored to be part of your celebration on this joyous occasion.

The Rabin Medical Center is a vital institution to Israel, formed by the merging of the Beilinson and Golda-HaSharon Hospitals. Since its dedication, the Rabin Medical Center has continued to honor Yitzhak Rabin's great legacy, serving as one of the world's best health care providers and as Israel's largest medical facility. As a statesman, Yitzhak Rabin passionately strove to establish peace within the Middle East and to end violent conflict throughout the region. The hospital treats about one million patients a year and is dedicated to providing advanced and successful medical care to those in need.

Once again, thank you for giving me the opportunity to offer my congratulations and best wishes to everyone present this evening. I wish you continued success in the years to come.

Sincerely,

*Frank R. Lautenberg*

November, 2009

Dear Friends:

It is my great pleasure to extend my warmest greetings to everyone gathered for the tenth Annual Gala Dinner of the American Friends of Rabin Medical Center.

Over the years, the AFRMC has successfully raised significant funding for the Rabin Medical Center, Israel's largest medical institution. Since 1994, the Rabin Medical Center has gained considerable financial support and recognition in the United States through the tireless leadership of the AFRMC, allowing for the funding of remodeled facilities and the most advanced medical technology. This support is essential to ensure that the Rabin Medical Center can continue to provide high quality medical care to the nearly one million people that seek treatment there each year.

I am glad to see that so many individuals have gathered to support the Rabin Medical Center. Please accept my most sincere best wishes for a successful event.

Sincerely,

*Joseph I. Lieberman*  
UNITED STATES SENATOR

RUDOLPH W. GIULIANI

November 2, 2009

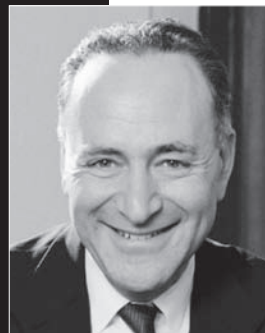

Dear Friends:

I offer my warmest greetings as you gather in support of the American Friends of Rabin Medical Center. The work of this organization is exemplary and I am pleased to be a part of tonight's event as an Honorary Chairman.

Named for Yitzhak Rabin, the Rabin Medical Center is a fitting tribute to his memory and life's work. It continues to remain a symbol for peace and understanding in a region often divided along religious and ethnic lines. Treating one million patients annually from all backgrounds, the Medical Center provides outstanding medical care, and is a world class facility for training, education and research. Your continuing commitment and support will help keep Rabin Medical Center a place of solace and refuge for countless individuals. I commend your efforts.

Best wishes.

Sincerely,

Dear Friends:

Please accept my warmest greetings and congratulations as you gather for the American Friends of Rabin Medical Center's Tenth Annual Dinner. I am grateful for the opportunity to recognize the fine work of the American Friends of Rabin Medical Center and tonight's honorees on this wonderful occasion.

Since the establishment of the American Friends of Rabin Medical Center, the hospital has improved the health care of community residents. The Center has grown prodigiously to become one of the finest medical institutions. Through its expert and committed medical and professional staff, American Friends of Rabin Medical Center has provided quality medical care and services. In addition to its medical advances, the Center has played a pivotal role in the community. I applaud the American Friends of Rabin Medical Center and everyone gathered here tonight for your hard work and commitment to addressing the critical health care and social needs.

Further, I would like to take this opportunity to congratulate tonight's honorees, Teva North America and William Marth, President and CEO of Teva. I am honored to join this show of support in congratulating tonight's honorees. Their dedication and commitment to the American Friends of Rabin Medical Center and the New York community serves as an inspiration to us all.

Again, congratulations and thank you on behalf of all New Yorkers. I hope that the American Friends of Rabin Medical Center will continue to serve our communities for many years to come. Best wishes for a wonderful and memorable evening.

Dear Friends,

As a staunch supporter of the State of Israel and as one who has portrayed the great Golda Meir on Broadway, I am pleased to offer my greetings to the Rabin Medical Center for the fine work it is doing to save lives. Israel's Rabin Medical Center possesses Israel's largest Department of Cardiology, and is now working towards the establishment of a new Heart Center. Many of us have family members with heart disease, and we want to ensure that our Israeli family has the facilities and equipment they need to help their patients thrive and survive.

I am proud that Rabin Medical Center is playing a leading role in the mission to decrease heart disease and increase the saving of lives. We turn to Rabin Medical Center for new advances in cardiac care and surgery, for developing protocols in treatment, and for ensuring the comfort of patients. Rabin Medical Center offers cutting edge cardiac treatment, and is Israel's leader in cardiothoracic surgery and heart and lung transplants. Rabin Medical Center has been at the center of Israel's distinguished history, and has touched the lives of tens of thousands of Israel's citizens. Please join me in helping this hospital of excellence fulfill its Tikkun Olam.

To save a life is to save a universe.

With gratitude and every good wish,

Tovah Feldshuh

PERMANENT REPRESENTATIVE OF ISRAEL  
TO THE UNITED NATIONS

הנציג הקבוע  
של ישראל לאומות המאוחדות

Dear Friends,

On behalf of the State of Israel, I am honored to offer my warm greetings to the American Friends of the Rabin Medical Center as you gather for your Tenth Annual Dinner at the Intrepid Sea, Air & Space Museum.

The Rabin Medical Center's critical work keeps Israel and the world on the cutting edge of medicine and state-of-the-art healthcare. The Center's advances and innovations offer hope, health, and a new beginning to countless individuals.

Your presence and support ensure that the Rabin Medical Center continues to serve as a global leader in the field of medicine. I applaud your generosity as you offer a critical pillar of support for the invaluable work of the Rabin Medical Center.

I am delighted to express my sincere gratitude for the work of the American Friends of the Rabin Medical Center, and I wish you all continued success and accomplishment.

Yours truly,

Gabriela Shalev  
Ambassador  
Permanent Representative

August 25, 2009

Dear Friends,

I am delighted to extend my warmest greetings, through the pages of this journal, to all those in attendance at the annual Gala Dinner of the American Friends of Rabin Medical Center. Additionally, I am privileged to serve as an honorary chair for this year's event.

In memory of the honorable late Prime Minister Yitzhak Rabin z"l, Rabin Medical Center has opened its doors to aid the community since 1996. Prime Minister Rabin dedicated his life's work to the people of the State of Israel and so the Center dedicates its resources to caring for Israelis and Middle-easterners alike, through its state-of-the-art technology and equipment. The doctors who have trained and worked at RMC are world class, bringing exceptional technique, professionalism, and compassion to every case. The future of healthcare within Israel will always be sound and solid as institutions such as the RMC continue to treat those in need. It is for this very reason that the work of the American Friends of Rabin Medical Center is such a vital and integral component of the overall foundation of the State of Israel.

I take this opportunity to congratulate tonight's honoree, Mr. William Marth. Mr. Marth has shown his devotion to the State of Israel through his profession as the CEO and President of Teva Pharmaceuticals of North America. He selflessly gives his time and resources to the Rabin Medical Center, setting an example for others to follow. I commend him for his commitment and perseverance.

On behalf of the State of Israel, I thank the American Friends of Rabin Medical Center for supporting this great institution. I am confident that day in and day out, your efforts have directly helped in saving numerous lives. I wish you continued success in all your endeavors.

Sincerely,  
  
Asaf Shariv  
Consul General

AMBASSADOR OF ISRAEL  
WASHINGTON, D.C.

שגריר ישראל  
ושינגטון

Fall 2009

Dear Friends,

It is my pleasure to extend warm greetings to the American Friends of the Rabin Medical Center on the exciting occasion of its 10<sup>th</sup> Gala Annual Dinner at the Intrepid Sea, Air and Space Museum in New York.

The Rabin Medical Center is known as center of medical progress and innovation. These are challenging economic times and we commend the American Friends of the Rabin Medical Center for continuing to support Rabin Medical Center's needs during these trying times.

Best wishes,  
  
Ambassador Michael Oren

EXCELLENCE

It's realizing that being the best doesn't come easily.  
You have to work for it.

That's the spirit that drives us at CRW Graphics in printing this program.

We recognize and express our sincere thanks to the Rabin Medical Center  
for bringing 60 years of excellence in medical care to Israel.

#### Cardiac Defibrillator with Pacemaker

Cost: \$6,000

#### Intermediate Cardiac Care Unit Monitor

Cost: \$12,500

#### Cardiothoracic Department Respirator

Cost: \$17,500

#### Telemetry Station with Monitor

*remotely records patients' electronic data*

Cost: \$25,000

### SAVE-A-LIFE EMERGENCY SUPPLIES

\$180 Emergency Cardiac Medicines

\$360 Emergency Cardiac Medical Supplies

\$500 Emergency Cardiac Relief Fund

### DID YOU KNOW?

- **Rabin Medical Center's** Department of Cardiology is the largest in Israel, with over **40** cardiologists and fellows.
- Its **10** diagnostic and treatment subspecialty clinics had **48,000** patient visits in 2008, treating cardiac failure and heart muscle diseases, congenital heart disease, arrhythmias, sonograms and heart valve disease, heart imaging and rehabilitation.
- It performed **411** pacemaker procedures, **4,027** cardiac catheterizations, and **2,840** intensive cardiac care hospitalizations.
- The Department of Cardiothoracic Surgery, the most advanced facility in Israel, in 2008 performed **1,459** surgeries with sophisticated technology.

### WE NEED YOUR HELP!

**Rabin Medical Center** is working towards the establishment of a new future Heart Center and must purchase urgent cardiac medical equipment. In this difficult year, please help us ensure our vital work in cardiology, to procure lifesaving equipment now.

**We all have a family member with heart disease, and we want to make sure that our Israeli family has the necessary medical equipment and facilities. Join us to save lives.**

**To donate: Please contact American Friends of Rabin Medical Center at 212.279.2522 or email us at: [afrmc@afrmc.org](mailto:afrmc@afrmc.org)**
